

INFINITE CAMPUS 2008 ENHANCEMENTS

AD HOC REPORTS

- *Filters can now be copied (copies can then be shared with other users)*
- *Searchable data elements (eliminated guesswork!)*
- *Include/Exclude from Extract Functionality (to reduce the number of fields in your output report)*
- *Sequencing of Data Fields (show your fields in the order you want)*
- *Sort by Options (ascending/descending order)*

INSTRUCTION / GRADEBOOK

- Standards based
 - *Score Groups Renamed “Score Groups and Rubrics”*
 - *Separate tools to create a score group (with GPA, credit coefficient, etc.) and a rubric (statement of performance and a score)*
 - *For either, scores can be marked as passing for binary view of cut scores.*
 - *Rubrics are then associated with Standards*
 - *Rubric will display for a standards-based Gradebook.*
 - *Cut scores” color coding option (green/red) can be turned on for a quick overview.*
- “Sub-rosters”
 - *Subgroups of students from larger roster.*
 - *Designed for students working on a particular set of assignments.*
 - *Example: Math class splits into advanced and basic.*
 - *Assignments can then be associated with particular sub-groups.*
 - *Students NOT in that subgroup will be excluded automatically from the assignment.*
- Newsletter
 - *Tool for communicating to parents and students on portal.*
 - *Icon/link in the schedule to render the newsletter as a PDF.*
 - *User right to enable PLUS Portal Preference to enable*
- Teacher Requests
 - *Teachers MAY enter requests for students for particular courses.*
 - *Scenario: Pre-Algebra students this year may take Algebra I next year OR a general math course.*
 - *Once setup properly, the teacher for the course may enter requests for that course.*
- Assignment Analysis Report

MESSENGER (Will show up in user’s Process Inbox)

- *Staff*
- *Teacher*
