

Lesson Planner for Infinite Campus Gradebook

Attention all teachers using Gradebook in Infinite Campus!

Please follow the directions below to change the **settings** on your assignments so that **Missing Assignments** do not show in the Infinite Campus Parent Portal. These settings will need to be made to all quarter assignment groups (*folders*) for each section that you teach.

If you are using the **Lesson Plan Copier** as you set up a second semester course or 3rd Quarter Lesson Plans/Assignments etc., you can make the changes first and then copy it over for each section without having to change the settings for each section.

Please see your building coaches for assistance or email Sue Huscilowitc, j.huscilowitc@wi.k12.ny.us if you have any further questions.

Drop lowest score

Drop lowest score will only take effect next saved modification to Grade Book.

Click inside the box to select **HIDE FROM VIEW IN PORTAL**. Continue this for **EACH** assignment folder you have under Term 1, Term 2, etc. You should check quarter after you have saved it. It includes Term Final Exam folders as well. You will need to make sure this box is selected as you continue to create or copy assignment groups.
